

Title: **Addendum to the IBSA Showdown Rules 2022 - 2025**

Release Date: 28.09.2023

Approved: 25.09.2023

Released by: IBSA Showdown Committee

## **Addendum to the IBSA Showdown Rules 2022 - 2025**

### **Point 9.4 b) changed to:**

The coach can enter/leave the room when the set is over or during time-outs.

*Changes made: the coach can enter/leave the room also during time-out.*

### **Point 10.9 changed to:**

The referee must open the door between sets and during time-outs.

*Changes made: the doors must be opened also during time-outs.*

### **Point 14.2 changed to:**

The referee will roll the ball to the serving player, announce the score and then the number of the serve referred to the serving player. Then ask both players, first the returner and then the server, if they are ready to play. When the referee receives positive acknowledgement from both players answering “**yes**”, the referee will signal the start of play by blowing the whistle once. This procedure should be used by starting the match, set, after time-outs and unusually long breaks.

*Changes made: the sequence to the announcement.*

### **Point 18.9 added**

If the player or the coach requests a time-out before the change of sides, the referee announces the time-out. After the time-out is over, the referee announces the change of sides.

### **Point 22.8.6 added**

Only the player who is at the table can be substituted.

### **Point 22.8.7 added**

If the team decides to make the substitution during a time out or change of sides, the 30 seconds that are allotted for the substitution are added to the time-out.
